PRO SERIES

IceMaster® Pro series coolers combine performance, strength and durability and are capable of retaining ice for more than 6 days. Key features include 50mm thick polyurethane foamed walls and lid, FDA-approved food grade PP inner and 2-way tie down points for secure transportation.

COOL SERIES

The new IceMaster® Cool series Wheeled Cooler is designed with full-scene multi-functionality in mind. Its specially designed for outdoor activities and integrated blender, Bluetooth speaker, USB mobile charging, magnetic bottle opener and many other functions, is currently the most integrated outdoor cooler products.

MASTER SERIES

Presenting the Master Series Coolers, where sleek and seamless lines meet the essence of minimalism. With its solid construction and focus on high-performance insulation, it embodies the perfect blend of form and function. Its versatile design effortlessly complements any setting, making your dining experiences more enjoyable and personalized. Whether it's a business meeting, a picnic in the countryside, or a long journey, the Master Series cooler is your ideal companion.

VIVID SERIES

Lightweight and fashionable, the Vivid Series Cooler is designed to be your go-to accessory. With its vibrant colors and trendy design, it adds a touch of style to your everyday adventures. And here's the best part - you can easily switch between shoulder straps and handles, giving you the freedom to carry it your way.

PRO RUGGED SERIES

IceMaster® Pro Rugged coolers include the same features as our Pro series coolers but with additional body armor, a comfortable padded seat and an LED light - integrated inside the cooler lid. Designed for the great outdoors - our Rugged range is ideal for fishing trips or week long camping trips - and can retain ice for more than 6 days.

DAY+ SERIES

With a new attached lid and PU-foam insulation for premium cold retention - our Day + series is the ideal solution for transporting fresh food products safely. Use to carry fresh produce home from the market, for fishing trips and family excursions.

KAI SHENG

**Both No:
Hall 5E-D16**

Anqiu Kaisheng Arts and Crafts Co. Ltd company was established in 2011. And approved by the Chinese Customs with import and export rights of comprehensive industrial and trade enterprises. Located in Weifang City, Shandong Province, China, 70 km from Qingdao port. 80 km from Qingdao Jiaodong Airport. Our products have various holiday decorations, artificial plants and fruits, seasonal decorations. We have our own design and engineering teams and can provide customized product solutions. Enhanced productivity and seamless employee experience

Ricoh's intelligent devices enable the ultimate employee experience with features that save time and increase efficiency. The IM C Series automates workflows that accelerate processes and encourage collaboration. An optimised print infrastructure empowers employees to transition to digital ways of working easily and securely; improving their workplace experience.

Third-generation Smart Operation Panel

Our user-friendly IM C Smart Operation Panel has been upgraded for an even more intuitive and enjoyable experience. Brightness, touch sensitivity and position detection have been improved for optimal access to the device's many resources and functions.

Improved user experience

- Android OS 10 for better security and usability
- Faster CPU, high RAM memory and enhanced performance
- Enhanced accessibility to device, tiltable for better visibility & new capacitive touch sensor
- Fast wake up time from sleep mode

Efficiencies in paper handling

New peripherals ensure professional results with automated finishing possibilities. The single pass double-sided document feeder capably handles high volumes, special paper and card types. High-end options include a hybrid and booklet finisher for that extra touch.
